HutchNet Wireless has developed a new Kansas State Fair website portal! We will have more content and a daily blog of events going on at the fair. All wireless users will be redirected to www.hutchwifi.com. Get your advertisement on the browser bar.

The site will contain links to fair promotions, vendor websites, printable coupons, schedules, concert listings, contests, and other exciting information. Visit www.hutchwifi.com for more information about our advertising programs.

Ads will run from 9/1 - 9/30/10, or longer by agreement. If you are interested in advertising your booth, selling your products or promoting your non-fair business, this is a great way to be seen! Plus, we are offering Wi-Fi subscribers 50% off our already affordable advertising rates.
